**I. TERMS AND CONDITIONS**

**1. Legal Authority**

By accepting these TOS as a Customer Account holder, you confirm (through your duly authorized representative) that you are a corporation, partnership or other legal entity duly formed (and incorporated if applicable) in good standing where required to do business with all legal authority and power to accept these TOS..

**2. The Service**

The Service provides monitoring and management for data networks across one or more Internet links and/or MPLS or private networks connections (as a whole these services are called SD-WAN). The service may also include additional bandwidth management and tunnel based security capabilities. The Service provides a fully managed switching appliance and/or software which resides at the account holders designated premise which allows ZeroOutages to manage the SD-WAN service and control access across these links in order to provide increase throughput and high reliability for the WAN (wide-area network). ZeroOutages can only manage network connectivity at the edge of the network, i.e. between the LAN and WAN and does not guarantee the availability of any individual network applications as they rely on many components outside the management of ZeroOutages.

The Service provides a minimum of 99.999% uptime SLA for Internet connectivity when used in combination with multiple Internet links so that the combined service delivers an average uptime of over five nines. The actual speed experienced by customers may vary and depends upon several factors including customer location, destination on the Internet, traffic on the Internet, interference with high frequency spectrum on the customer's circuit, etc. No minimum level of speed is guaranteed and is greatly dependent on the service providers and their communication networks. Additionally the managed service is delivered as best effort based on the availability and access provided through the account holders Internet service providers.

2.1 Modifications to Service. ZeroOutages reserves the right to modify the Service (or any function or feature of the Service or any part thereof, including, but not limited to, rates and charges beyond the term of the initial contract) in order to improve upon the Service. It is your responsibility to check the ZeroOutages website for any such change notices. You agree that ZeroOutages will not be liable to you or to any third party for any such modification or suspension of the Service based on the terms and conditions of this agreement or our acceptable use policy (AUP).

2.2 Service Aggregation. ZeroOutages provides increased throughput capabilities through link bonding/balancing. This is the process by which individual network sessions are bonded between two or more Internet connections.

Through this process ZeroOutages is able to speed up many common Internet applications and may be able to speed up single sessions for some web-based downloads, depending on availability of our MSA bonding technique.

**2.3 Service Limitations.** ZeroOutages cannot and does not guarantee the availability of the customer's network applications. ZeroOutages also does not guarantee the individual links provided by each service provider. ZeroOutages responsibility is limited to our ability to ensure that our appliance/software is functioning properly. If a ZeroOutages representative is able to login and confirm that any specific network application traffic is properly going through the appliance/software as per design, then that is the extent of our responsibility for confirming the network connectivity. ZeroOutages support engineers cannot and will login/manage/or make any changes to any non-ZeroOutages equipment, switches, routers, etc.

**2.4 Service Setup.** A service setup fee applies to each ZeroOutages installation in order to cover engineering planning, configuration, and implementation time. This service setup fee is typically integrated in to our first and last month payment option, i.e. during the first month of service we charge for the first and last month's billing.

**2.5 Add-On Services.** ZeroOutages has a number of modular services which it can enable based on the customer's requirements. Some of these services provide extended LAN functionality. These extended LAN services may have monthly fees based on network usage beyond a minimum amount of data usage per month. The customer will be notified if any of the services they are using fall under this requirement.

**2.6 Support Services.** ZeroOutages reserves the right to charge a per incident fee of \$25 for customers that make excessive support requests in any given month where it is deemed by ZeroOutages to be an abuse of the support services.

### **3. Equipment**

Other than all hardware provided to you by ZeroOutages and any revised version thereof that you choose to use, you must provide all equipment, devices and software necessary to receive the Service. Due to the infinite number of possible combinations of hardware and software, you are responsible for the compatibility of your system with the Service. Any equipment that was not provided to you by ZeroOutages is not the responsibility of ZeroOutages, and ZeroOutages will not provide support and will not be responsible for ongoing maintenance or management of such equipment. Any ZeroOutages-provided device will be either a new or a fully inspected, tested, and warranted return or repackaged unit. If for any reason you cancel your service, you must return your equipment in the original packaging and such equipment must be in good working condition. Equipment must be returned within 30 days of terminating your Service or pay for the non-returned equipment, see Section 5 below.

**3.1 Installation.** If you request ZeroOutages provide professional onsite install of the equipment, you must pay a Professional Installation Charge in the amount specified by ZeroOutages at the time you enroll in the Services, or when you request a transfer of the Services. In the event that no one authorized to permit installation of the Equipment is available at your Premises at the time you scheduled an installation appointment, and notification was not provided to ZeroOutages at least 48 hours in advance, you agree to pay a No-Show Charge in the amount of \$300/hr. You authorize ZeroOutages and our employees, agents, contractors, and representatives to enter your premises in order to install, maintain, inspect, repair, or remove the equipment and software. By scheduling an installation appointment, you represent to us that you have the right to and do authorize us to enter your premises.

**3.2 File Modification/Backup Requirements.** The Qualifications of your network, as well as the installation (whether self-installed or ZeroOutages -installed), use, inspection, maintenance, repair, or removal of the Equipment, may result in an inadvertent service outage or reconfiguration of the network, or temporary interruption of your telephone service. ZeroOutages does not represent or warrant that the installation will not temporarily disrupt the normal operations of your network. You acknowledge and agree that you are solely responsible for backing up all existing computer files by copying them to another storage medium prior to the installation of your Equipment, and prior to any inspection, maintenance, repair, or removal of your Equipment. ZeroOutages DOES NOT REPRESENT OR WARRANT THAT INSTALLATION BY YOU OR A THIRD PARTY CHOSEN BY YOU WILL ENABLE YOU TO

SUCCESSFULLY ACCESS OR USE THE SERVICES, NOR THAT ANY SUCH INSTALLATION WILL NOT CAUSE DAMAGE OR MODIFICATIONS TO, OR LOSS OF, ANY OF YOUR SOFTWARE, HARDWARE, FILES, DATA, OR PERIPHERALS. ZeroOutages AND OUR EMPLOYEES, AGENTS, CONTRACTORS, AND REPRESENTATIVES WILL HAVE NO LIABILITY WHATSOEVER FOR ANY DAMAGES OR SERVICE PROBLEMS (INCLUDING TELEPHONE SERVICE) RESULTING FROM YOUR, OR A THIRD PARTY'S, FAILURE TO PROPERLY INSTALL, ACCESS, OR USE THE EQUIPMENT OR SERVICES.

3.3 ZeroOutages Installation of Your Equipment. Except for our gross negligence or willful misconduct, we shall have no liability whatsoever for any damage, loss, or destruction to all or a portion of your network during our installation of your Equipment. In the event of such gross negligence or willful misconduct by ZeroOutages, ZeroOutages shall pay for the repair or replacement of the damaged, lost, or destroyed portions of your hardware, up to a maximum of those amounts paid as part of your service contract. EXCEPT FOR OUR WILLFUL MISCONDUCT, ZeroOutages AND OUR EMPLOYEES, AGENTS, CONTRACTORS, AND REPRESENTATIVES WILL HAVE NO LIABILITY WHATSOEVER FOR ANY DAMAGE TO, LOSS, OR DESTRUCTION OF ANY SOFTWARE, FILES, OR DATA, REGARDLESS OF THE CAUSE OF SUCH DAMAGE, LOSS, OR DESTRUCTION.

3.3 ZeroOutages Equipment Replacement. In the event of a device malfunction ZeroOutages (XRoads Networks) will replace the equipment free of charge. Replacement equipment will be shipped for overnight delivery to the ZeroOutages customer. The customer is responsible for unplugging the old equipment and plugging in the new equipment. All equipment will be shipped pre-configured for remote management by ZeroOutages.

#### 4. Revisions

This Agreement may be updated or changed from time to time. The current Agreement shall be posted at: [www.zerooutages.com](http://www.zerooutages.com) ("Website"). This site will be updated as changes are made. You agree to visit the Website periodically to be aware of and review any such revisions. All changes shall become effective upon posting of the revised Agreement on the Website. Your continued use of the Service following such notice constitutes your acceptance of those changes. If you do not agree to the revisions, you must terminate your Service immediately.

#### 5. Term & Termination

You agree to the specified term set forth in the offer under which you purchased the Service once the initial 30-day evaluation period has completed. **The evaluation period begins once the Service equipment is shipped to customer's location and continues for 30 days.** The customer has the option of terminating this agreement at anytime during this 30-day evaluation period. You further agree that if you cancel your plan after the evaluation period but before the end of the specified term, you will be subject to early cancellation fees and/or service fees (collectively "Termination Charges") associated with that plan. At the end of the initial term, the Service will continue on a month-to-month basis unless otherwise renewed.

5.1 Suspension/Termination. Your Service may be suspended or terminated if your payment is past due and such condition continues un-remedied for thirty (30) days. ZeroOutages may also terminate or suspend your Service if you provide false or inaccurate information that is required for the provision of Service or is necessary to allow ZeroOutages to bill you for Service.

5.2 Early Termination Fee. There is a base minimum service commitment of 12-months. Each ZeroOutages Service includes an additional minimum term commitment (see your service plan description). Your minimum term begins on the billing start date as described in the foregoing section titled "Start Date". IN THE EVENT THAT YOU TERMINATE (OR TAKE AN ACTION THAT CAUSES TERMINATION OF) YOUR SERVICE BEFORE SATISFYING YOUR SERVICE PLANS MINIMUM TERM COMMITMENT (SEE THE TERM SELECTED ABOVE), THEN YOU AGREE TO PAY, UPON DISCONTINUANCE OF THE SERVICE, A TERMINATION FEE OF 9x YOUR MONTHLY SERVICE FEE FOR EACH COMMITTED YEAR. In addition to any applicable Early Termination Fee, you will be required to pay the remaining balance of the charges applicable to your ZeroOutages service through the effective date of termination.

5.3 Equipment Return. Upon the termination of service it is the Company's responsibility to package and ship back any equipment provided to the customer for this Service. This equipment must be returned in good working order (given that there was no issue with the equipment to cause the termination of this service) within no less than 30 days after Service termination. Failure to return the equipment will result in a minimum fee of \$1500 per device or the current list price of the UBM appliance per XRoads Networks then pricing guide (whichever is greater).

## 6. Service Rates and Charges

6.1 Agreement to Pay. You agree to pay all fees and charges specified when you ordered your Service, including recurring and nonrecurring charges, taxes, fees and assessments applicable to the Service and the associated equipment (including but not limited to applicable service activation fees, installation charges (see Section 3), shipping and handling and termination charges). In order to provide you with the Service, ZeroOutages may pay taxes, fees and surcharges to municipalities and other governmental entities, which ZeroOutages may pass on to you. You will be invoiced monthly for usage of the Service and for any other services utilized by your or other users of your account which are billed to the customer by ZeroOutages in connection with the Service (including applicable taxes), either directly by ZeroOutages or through your designated credit card company. Rates, charges and other terms and conditions of the Service, are subject to change by ZeroOutages from time to time by notice provided on the Service or otherwise. In the event legal action is necessary to collect on balances due, you agree to reimburse ZeroOutages for all expenses incurred to recover sums due, including attorneys' fees and other legal expenses. You also agree to pay all current charges for the Service as well as taxes and fees assessed against you or ZeroOutages on the charges and all late payment, interest or other fees as stated on your bill.

6.2 Credit Check / Deposit. You give us permission to obtain your credit information from consumer credit-reporting agencies at any time. If we determine that you may be a credit risk for (1) unsatisfactory credit rating; (2) insufficient credit history; (3) fraudulent or abusive use of any ZeroOutages Services within the last five years; or (4) late payments for current or prior bills, we may refuse to provide the Services or we may require an additional deposit to establish or maintain Service(s). A deposit may be held as a partial guarantee of payment. It cannot be used by you to pay your bill or delay payment. We may require you to increase your deposit at any time to reflect your estimated monthly charges based on actual usage or our reevaluation of your ability to pay. Establishment of a prompt payment record or credit may result in a partial or total refund of the deposit to you or credit to your account. Upon termination or cancellation of your service and there are unpaid amounts in your account, the equipment is not returned, or you owe an early termination fee, the deposit will be used to pay the outstanding amount due.

6.3 Method of Payment. You authorize ZeroOutages to charge any amounts payable by you in connection with your use of the Service by one of the following methods: automatically by credit card, or other electronic funds transfer.

Credit Card Billing. Credit card billing is required for all accounts where the sum total of monthly charges is less than \$300 per month. If credit card billing is required, or you choose to pay by credit card or debit card, you must provide ZeroOutages with a valid credit or debit card number and specified account information from a debit or credit card issuer. By providing such information you authorize your card issuer, bank or financial institution to charge or debit your corresponding account for all charges arising from your use of the Services. You authorize ZeroOutages on a monthly basis to automatically charge the credit card account, or to deduct from the debit card account, for payment of all sums due each month to ZeroOutages for use of the Service, as defined and agreed to at the time of purchase of the Service. You agree to notify ZeroOutages of any change to the credit or debit card information including, but not limited to, changes in account number, expiration date or billing address. If you do not update your credit card information, ZeroOutages may suspend your use of the Service. If ZeroOutages makes other billing options available, you agree to abide by terms and conditions applicable to those options. ZeroOutages shall not be responsible for any charges made by the credit or debit card issuer, bank or financial institution to your credit or debit card account for exceeding credit limit, insufficient funds or any other reasons. ZeroOutages reserves the right to terminate your Service and your participation in this payment and billing plan without further notice due to reversals of payments, insufficient funds, or for any other abuses related to your card account. When payment is made by credit card or debit

card, payment will also be subject to the terms and conditions established by the credit or debit card issuer. If charges cannot be processed through your credit card, or if your bank draft or electronic funds transfer is returned for insufficient funds, we will charge you an additional \$15.00. If the state law where you receive the Service requires a different fee, we will charge you that amount.

## 7. Service Rates and Charges

7.1 Billing Information. Billing for the Service commences when ZeroOutages provisions your Service and prepares your ZeroOutages switching appliance, whether or not you register and/or install the Service. When billing commences, you will be billed for your installation/setup fee, the first and last thirty (30) days of service and for applicable installation charges and equipment shipping charges. Thereafter, charges will be billed one month in advance. If you terminate your Service within the first thirty (30) days your charge will not be pro-rated. If you terminate after your first thirty (30) days, you will be charged for the pro-rated number of days for which you had service in that billing cycle, and will receive a credit for the remaining balance.

## 8. Security

8.1 Security.
